@ The Southampton Club

The Southampton Club is proud to host the "TEAM ESO VAMOS" Tennis Academy lead by international high performance tennis Coaches Elke and Carlos. This Academy will focus on young players looking to excel in the game of tennis by improving there strokes, technique, footwork, mental and physical fitness and match strategies.

Each practice will focus on a different set of drills and exercises designed to offer a challenging and comprehensive setting where players will learn to play against all styles and types of players and grow a truly well round game. The coaches will look to enhance each individuals strengths while improving their weaknesses.

The Academy is the most efficient and quickest way to improve your athlete's tennis ability by taking advantage of a group setting while remaining cost effective. We highly encourage all participants to supplement the academy with 1 or 2 additional private lessons per week if possible and match play with fellow Academy participants outside Academy practices.
